DIY DONATION BOX

What you will need:

- Scissors
- Glue
- A container or an old jar

Step 1: Clean the container/jar so it's ready to use

Step 2: Download label sheet and print in colour

Step 3: Carefully cut out each label

Step 4: Apply glue on the back of each label and stick label on the container/jar

Step 5: Decorate the container/jar for a finishing touch

Thank you for helping work towards our vision of Zero Deaths from breast cancer.
